Where Everything Comes Together!

MIL/AERO-DEFENSE

In the Aerospace & Defense industry, companies have a well-deserved reputation for quality, value, performance and reliability. The aerospace industry possesses strong world class capabilities and is recognised by customers around the world for delivering leading edge and advanced technology solutions on time and at a competitive cost.

M.I.S. has the expertise and resources to cater to the manufacturing and quality demands of the A&D industry providing products and services with quality, leading edge technology and cost competitiveness. M.I.S. ensures A&D companies hold strong positions as Original Equipment Manufacturers (OEM's) and within their supply chains of global OEM's and their Tier one partners.

MIL/AERO DEFENSE PRODUCTS INCLUDE:

- Custom Box Build
- Complex Assemblies and Integrated Systems
- NPI And Prototyping
- Custom Interconnect & Cable Harness Design
- PCB/Flex Assemblies
- Ruggedized Embedded Systems
- Defence Systems

TRUST YOUR PCB ASSEMBLY TO M.I.S.

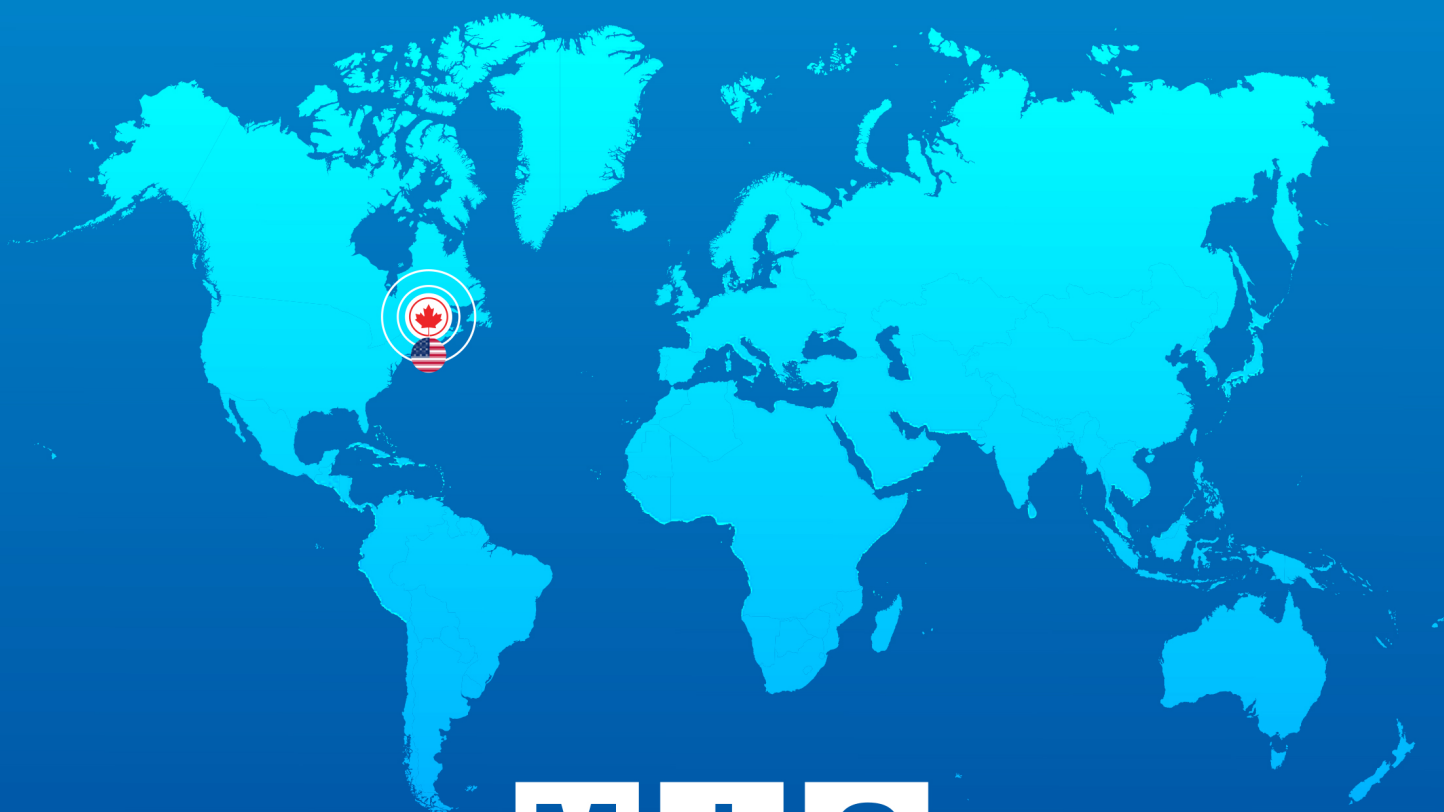

Full service contract manufacturer providing delivery, flexibility and responsiveness. M.I.S. provides high-quality components, advanced electronics assembly solutions, and superior customer service, with fully supported turnkey solutions

With over 30 years of design and manufacturing M.I.S. is a full turnkey high-mix, low to mid-volume contract manufacturer who prides themselves on providing OEM's high quality PCB assembly and electronic manufacturing. Our services include PCB system design & Board Layout, design for manufacturing, rapid prototyping and test & development services.

M.I.S. Electronics leads the industry with end-to-end custom PCB manufacturing. We are real people with a passion for electronics. If you're looking for a team of experts you can trust to reduce your operating costs

and deliver high-quality assembly, from custom PCB design to fast market-ready production, we're looking for you, too. We're excited to help you turn your concept into added revenue using the most advanced technology innovation and PCB machinery available today.

We are guided by extremely high manufacturing standards, backed by multi-stage quality control and customer care every step of the way. Our aim is to develop deep connections that lead to a lifetime partnership. So let's start an exciting conversation! We'll walk you through the process from idea to assembly to testing to delivery (all under one roof). Grow your business with a trusted North American resource that delivers long-lasting, affordable, turnkey solutions—at any volume,
